

Oral Presentation Abstracts

ICHPI_OP001	Study of Gene Expression Analysis of Thermo-Tolerant Genes in Salmonella typhimurium and Salmonella enteritidis
ICHPI_OP002	Nuclear Matrix Protein Smar1 Control Regulatory T Cell Fate During Inflammatory Bowel Disease (IBD)
ICHPI_OP003	Toll-Like Receptors Signaling in Fish: Essential Role in Host-pathogen Interaction and Immunity
ICHPI_OP004	Role of PRR Pathway Genes in Genetic Resistance to Marek's Disease in Chicken
ICHPI_OP005	Optimized Expression of Processed Capsid Proteins of Fmd Virus to Enhance the Yields of Virus Like Particles (VLPS) Using Baculovirus System
ICHPI_OP006	Evaluation of Fusion Gene Based DNA Prime-Protein Boost Vaccination Strategy Against Newcastle Disease Virus
ICHPI_OP007	Antibody Fragment against Glycoprotein of Rabies Challenge Virus Strain
ICHPI_OP008	Protein Profiling of Tick (Boophilus microplus) Salivary Glands as a Potential Candidate for Vaccine Development
ICHPI_OP009	Control of PPR by Vaccination in Andhra Pradesh State of India
ICHPI_OP010	Multiplex Evaluation of Influenza Neutralizing Antibodies with Potential Applicability to in-field Serological Studies
ICHPI_OP011	Use of Pseudotyped Viruses for Investigations into Vaccine Efficacy, Antigenic Drift and Vaccine Breakdown for Equine Influenza
ICHPI_OP012	Identification and Characterization of MECC Positive Staphylococcus aureus in Clinical Isolates of Human and Bubaline Mastitis Samples in India
ICHPI_OP013	Inflammatory Effects of Edwardsiella ictaluri Lipopolysaccharide Modifications in Catfish Gut
ICHPI_OP014	Co-Expression of GAPDH Gene of Edwardsiella tarda and IFN- γ Gene of Labeo rohita in Eukaryotic Cell Line
ICHPI_OP015	HSP70 of Mycobacterium tuberculosis Modulates Immune Response and Protective Potential of F1 and LCRV Antigens of Yersinia pestis in Mouse Model
ICHPI_OP016	Dynamics and Control of Biofilms
ICHPI_OP017	Vitamin D: From Animals to Humans
